You all aware of **CORONA(COVID-19)** Pandemic. Due to this disaster the whole world is maintaining **lockdown** for more than one month. Except some extremely emergency services, all other services are stopped as of now. People are staying within home for their safety, many people are jobless, it's really hard for the poor people to arrange essential food for their lives. Govt and many other NGO/NPOs are trying their level best to reach those needy people for some relief (with respect to food) but as you can see the demand is so huge, so **BHS'95**, a Non-Profit Organization (**NPO, Under Indian Trust Act -1982, Regn no. - IV-1903-03664/2018**) has come forward to be with those needy/poor people by providing essential foods to them. We want to request/appeal to all our friends/well-wishers and kind persons for your help.
